

PLAYING BLACKJACK

All minimums and maximums are posted at the table.

Double Down Madness Blackjack provides the ultimate twist to traditional Blackjack. Initially, each Player receives one card face up, with the opportunity to double down on their second card and subsequent cards after. NO splitting or surrender is allowed. The Dealer receives one card face up and one face down, hitting on a soft 17 and main game wagers are pushed when the Dealer busts with a total of 22.

GETTING STARTED

You must place a Blackjack wager against the Dealer, with the option to place a 'PUSH 22' wager. Insurance is offered if the Dealer's up card is an Ace. If the Dealer has Blackjack, insurance is paid 2 to 1, all other wagers lose and no second cards will be dealt.

DECISIONS

1. **STAND:** Maintain your current card total.
2. **HIT:** Request additional card(s) without placing a double down wager.
3. **DOUBLE DOWN:** Place an additional wager equal to or less than the combined total of wagers in the betting area up to that point to receive an additional card.

HITTING & DOUBLING DOWN

You may hit or double down with each card you receive, with the exception of an Ace, until you decide to stand or your hand exceeds 21.

PLAYER ACE

If your initial card is an Ace, you will only receive one additional card; it is your choice to hit or double down.

PLAYING BLACKJACK

BLACKJACK

If you double down and receive a Blackjack, you will be paid odds of 3 to 2 on your total wager (original and any double down portion). Players cannot redouble after receiving a Blackjack.

PUSH 22

You may opt to place a Push 22 side wager. You are betting the Dealer will bust with 22 and will pay according to the odds table.

DEALERS HAND	ODDS
Dealer Same Suit 22	50 to 1
Dealer Same Colour 22	20 to 1
Dealer 22 (Mixed Colour/Suit)	7 to 1
Dealer - Any Other Hand	Lose

If the Dealer busts with a point total of 22, any main game bets left in action are a push. Players who receive a Blackjack are exempt from the Push 22 rule as they have been paid.
