

PLAYING FREE BET BLACKJACK

All minimums and maximums are posted at the table.

Play the exciting Blackjack game that allows you to double down and split for free. If you choose the free bet option, the dealer will place a Free Bet lammer next to the original wager. If you end up winning the hand, you get paid as if you had made a traditional split or double, even though you didn't risk any money. Dealers will hit on soft 17 and all wagers are pushed when the dealer busts with a total of 22.

GETTING STARTED

You must place a blackjack wager against the dealer. You and the dealer will get two starting cards, the same as traditional Blackjack. There is also an optional "Push 22" wager.

FREE SPLIT

You may split pairs, with the exception of 10 - value cards. You may only split up to 3 times for a total of 4 hands with the exception of Aces, which may only be split once.

FREE DOUBLE

You may double for free on a two card hard total of 9, 10 or 11. Free doubling after splitting is allowed as long as it is a hard 9, 10 or 11.

PUSH 22

If the dealer busts with a point total of 22, any bets you have left in action are a push. Players who receive a blackjack are exempt from the Push 22 rule.

You may opt to place a Push 22 side wager. You are betting the dealer will bust with 22 and will pay odds on different variations of 22 (see below).
