PLAYING ROULETTE

ROULETTE

Minimums and maximums, and maximum payouts are posted at the table.

A long-time tradition in European casinos, this version of Roulette is fun and easy to play. The Player simply places their bet with casino chips or special colour roulette chips. If special coloured roulette chips are used, you determine the value of the chips when you buy in. After the bets have been placed on the layout, the Dealer spins the ball; if it lands where you have placed your chip(s), you win! The payoff is determined by how many numbers your chip has covered (as listed below). Coloured Roulette chips must be redeemed at the Roulette table before you leave.
